

MILLIONS WILL BE SPENT.

A Short but Expensive Session of the Legislature.

Bills that Provide for Vast Outlays of Money in New York.

A short session, but a long pull at the people's purse strings.

This, in brief, is the record of the present Legislature, which will probably adjourn on April 10.

"The Evening World" has compiled a list of bills relating to New York City authorizing the expenditure of money. Compared with other years the fixed appropriations—that is, bills in which the issue of bonds is limited to a certain amount—are small. But there are a number of bills in which no limit is fixed.

These admit of the expenditure of millions. Some of them may not become laws, but then the taxpayers may gain a comprehensive idea of the financial measures introduced in the Legislature by their representatives bills of that kind passed and pending are here given:

and the one authorizing the city to build an underground rapid transit road, at an estimated cost of from \$50,000,000 to \$100,000,000, were presented to the Legislature.

A number of bills provided for appropriations introduced by members not in sympathy with Tammany are not mentioned here. They are either dead or will be killed, it is said.

REV. SYKES MAY BE EXPELLED.

Ministers Say His Explanation Is Not Sufficient.

BRIDGEPORT, N. J., April 7.—The statement published by Rev. George S. Sykes, regarding his disappearance in October last, is much commented upon in this place, where Mr. Sykes is now with his family.

Mr. Sykes, it was alleged, eloped with the young lady organist of the West Long Branch Methodist Church, of which he was pastor.

The Conference, which met recently at Mount Vernon, voted to sustain him in his charge without the consent of his Bishop.

Mr. Sykes' other explanation is made by his statement that he abandoned his church and family because he could not bear to hear the scandalous stories circulated about him. It is thought he will be placed on trial on charges of adultery and incest, and the members of the Conference are outspoken in their views regarding Mr. Sykes, and it is said that a determined effort will be made to expel him.

Mr. Sykes said to-day that he would make no further statement. He refuses to divulge anything as to his future plans.

DANCING AND REAL ESTATE.

The Owners of Sherman Park Enter-

tain Their Many Friends.

The Rapid Transit Real Estate Company, owners of Sherman Park, made about 3,000 people acquainted with some of the advantages and attractions for a home site afforded by that popular suburban tract at an entertainment in Lexington Avenue Opera-House last night.

Mr. Andrew L. Souder, President of the Company, welcomed the guests and announced a distinguished array of Sherman Park. An excellent entertainment by professional artists followed, after which the floor was cleared and dancing began.

General Manager Koppel and Dr. Schroeder looked after the visitors and answered many questions regarding the park.

"I want to tell you what your

Vegetable Compound and Samitive Wash have done for me.

"I was so bad with falling of the womb and Leucorrhoea that I could not stand.

"I had doctor'd so much without benefit I was entirely discouraged. I expected to die.

"One evening I read in the Herald' about your medicine, I got some and took 2 bottles of the Compound, and used one of the Samitive Wash.

"I am now well and strong, am never troubled with either of the complaints. If more women would

use your Com-

pound, there would be less suf-

fering in the world." — Mrs.

EXTRA SESSION IN KANSAS.

Farmers Demand Lower Freight Rates on Their Products.

TOPEKA, Kan., April 7.—Agitation for an extra session of the Legislature continues in Western and Central Kansas. The Populists base their demands on the need of legislation to reduce freight rates on agricultural products.

Gov. Lovell adds that a very strong demand is being made upon the Legislature for an extra session, so that the people can get relief before this year's crop is ready for market.

The Populists are out-right in their demands that the members of the various bands from Germany be allowed to arrive here on Saturday.

Judge Alfred Steckel, the counsel for the Musical Union, accompanied by John Hunt, the Secretary, and Leopold Fuenkenstein, as a committee of the union, waited upon Kingman yesterday for the purpose of protesting against the landing of the members of the various bands from Germany.

Mr. Steckel courteously received

the delegation and gave them a very patient

hearing, which lasted over one hour. Judge Alfred Steckel concluded that these musical bands were not members of the union, as maximum as the King of Prussia had refused

permission to any of his soldier musicians to leave the empire to take part in the festival at the end of May.

Another letter to the people of the

Kingman newspaper said he would give

the protest due consideration and would act

in such a manner as would protect the rights of all parties concerned.

TRYING TO KEEP BANDS AWAY.

Musicians Protest Against the Im-

porting of Players for the Fair.

The National Musicians' League as well as

the Musical Mutual Protective Union is de-

termined to leave no stone unturned to pre-

vent the landing of the two bands from Ger-

many who are expected to arrive here on

Saturday.
